STATE:

APN #:

COUNTY:

**Construction check off list: check off the applicable items as they are completed (all items may not be needed)**

### Research and Planning:

- NOT DONE** Determine your budget and financing options.
- NOT DONE** Research log home builders and suppliers.
- NOT DONE** Decide on the size and style of your log home.
- NOT DONE** Obtain necessary permits and approvals from local authorities.

### Site Preparation:

- NOT DONE** Clear the land and remove any existing structures or debris.
- NOT DONE** Grade the site to ensure proper drainage.
- NOT DONE** Install utilities such as water, electricity, and septic system if needed.
- NOT DONE** Consider any landscaping or outdoor amenities you want to include.

### Foundation and Subfloor:

- NOT DONE** Choose a suitable foundation type, such as a concrete slab, crawl space or basement.
- NOT DONE** Pour the foundation or construct the subfloor.
- NOT DONE** Install any necessary insulation and moisture barriers.

### Log Home Construction:

- NOT DONE** Order your log home kit or hire a log home builder.
- NOT DONE** Assemble the log walls according to the manufacturer's instructions.
- NOT DONE** Install windows, doors, and roof trusses.
- NOT DONE** Build the roof, ensuring proper insulation and ventilation.
- NOT DONE** Install plumbing, electrical wiring, and HVAC systems.

**Interior Finishing:**

- NOT DONE** Frame interior walls and partitions as needed.
- NOT DONE** Install insulation and drywall.
- NOT DONE** Finish the walls with paint, stain, or other desired treatments.
- NOT DONE** Install flooring, such as hardwood, tile, or carpet.
- NOT DONE** Install cabinets, countertops, and fixtures in the kitchen and bathrooms.

**Exterior Finishing:**

- NOT DONE** Apply a protective finish to the exterior logs, such as stain or sealant.
- NOT DONE** Install exterior siding or other desired finishes.
- NOT DONE** Build decks, porches, or other outdoor living spaces.

**Final Touches:**

- NOT DONE** Conduct a thorough inspection of the completed home.
- NOT DONE** Address any necessary repairs or touch-ups.
- NOT DONE** Install lighting fixtures and electrical outlets.
- NOT DONE** Clean the interior and exterior of the home.
- NOT DONE** Landscaping and final site grading.
- NOT DONE** Move-in and Enjoy:
- NOT DONE** Arrange for utilities to be connected.
- NOT DONE** Move in furniture and personal belongings.
- NOT DONE** Celebrate the completion of your new log home!

**Remember, this is a general checklist, and specific tasks may vary depending on your location, design preferences, and local building codes. It's always recommended to consult with professionals and experts in log home construction to ensure a successful and safe building process.**
